15 ORGANIZATIONS AND TRADE UNIONS SPEAK OUT ABOUT THE SITUATION IN UNIVERSITIES

THREE WEEKS OF STRIKE

Paris, Washington DC, 18.04.2018, 01:03 Time

USPA NEWS - or nearly three weeks, a large number of French universities have been experiencing disturbances and blockages that are part of a social movement of a certain scale. Following our communiqué of April 10, we remain convinced that all organizations and student unions involved in the current movements, from near and far, must be able to gather to discuss the situation in the universities. Because we can not accept to see the universities become the theater of physical, psychological or material violence between students or staff, we will submit to the vote of the organizations present a motion condemning all forms of violence, racist hatred or anti-Semitism and calling for respect for democratic principles, first and foremost freedom of expression.
