Who is defending our Christian people in Iraq?!

Christians in Iraq

Iraq, 06.07.2018, 02:39 Time

USPA NEWS - Christians in Iraq after 2003 .. their plight falls within the calamities of all Iraq .. lost rights .. constrained freedoms .. Expulsion and displacement .. blood .. and then seizing their money and the rape of their property!

It is not a strange thing in the displacement of Christians .. as before them: the Jews in 1941 and their displacement from Baghdad to Palestine in the case or the most correct (the disaster of the Farhood) .. and the disaster of the Farhood was instigated by (Amin Husseini) Mayor of Jerusalem, who was an ally of Hitler .. Because of the fatwa of Husseini, gangs attacked looting the Jews of Baghdad and killing many of them and robbed their money .. although the Jews at the time their proportion constituted as according to the 1921 census 25%!

Many & important questions shadow this thorny and shameful issue and at the same time .. when thousands of Christian families have been exposed to expulsion at home and emigration abroad? Who is behind this despicable conspiracy? How long will it last? Is it intended to end the Christian presence in Iraq and cut off all their roots?

Dreams have been a distraction to the imagination of Christians in their country of Iraq, and how can a Christian dream while he lives in the land of Mesopotamia, Christianity is the second largest religion in Iraq particularly the Christian identity in Iraq does not stop at the ideological standard and religious rites ... they are .. the original Mesopotamians, the descendants of the Babylonians, the Assyrians and the Arabs. Christianity has appeared in Iraq since the beginning of the first century AD, where most of the population of Iraq converted to Christianity .. History with all its evidences proves their originality and love, but their love for the soil of Mesopotamia.

We wrote and others wrote about the tragedy of Anbar, the destruction of Mosul, the murders and kidnappings in Diyala, and the collapse of security in Kirkuk and other provinces of Iraq. But we must stand before the plan: the conspiracy against the millions of Christians in our stricken country? Without any doubt that the murderer is known even if the names varied and forms multiplied. Since the American - Iranian occupation, the terrorist groups and organizations, specifically the (foundling) Daesh and some of the militias who call it "brazen"

Under the planning of intelligence agencies belonging to some regional countries in the management of a dirty plot against the Christians, these forces seek to hate the eradication of the roots of Christian citizenship in Iraq ..The signs of this conspiracy appeared when the Christians suffered the impact of religious discourse and its seriousness over their lives ..This Satanic discourse, which gave to the Political Islam groups the right to violate the rights of the Christian citizen and allowed them to practice all the cheap means and to follow the most heinous ways to take over all the precious and noble which relate to the Christian families!

The murder of Christians and their displacement and the rape of their property, houses, apartments, residential lands, and the disaster reached to the seizure of some churches .. All these despicable and mean acts; the tyrants based themselves to their terrorist ideas, which justified to them the falsehood before the right in crushing and destroying the people of their skin.

The past years have revealed that the killing, robbery and kidnapping of the Christians is stronger than the moral values, and that violent intellectual terrorism has exhausted millions of noble Christians relentlessly, in an expiation climate which reached unprecedented levels of ferocity and outside of all human logic. But the strange irony of those who claim that they were victims of marginalization and exclusion at some time,are invited today to apply the same approach to others. But the greatest astonishment comes from the politicians carrying the banner of forged democracy and banners of constitutional infertility, who are logically and morally supposed to be the leading class to confront the injustice and tyranny that is exposed to the Christians, and that the dome of

the Iraqi Council of Representatives to be safe haven and warm embrace for each Iraqi ..

But the reality is totally different as most of our governors who are supposed to be our security valve suffer from a hysterical electoral crackdown that led to psychological disorders and deviations in political performance. Perhaps the election begging of the Iraqi politicians has become the most important and dangerous issue in the Iraq of Democracy!
