Emirates is moving to enrich its arsenal French Rafale fighter

Senior Emirati military official revealed his country's orientation towards the enrichment of its air defense system aircraft Rafale French Maj. Gen. Ibrahim Nasir top commander of the UAE Air Force yesterday, said that negotiations on the aircraft deal has entered its final stage. The defense sources said that the UAE is looking to buy 60 fighter and they carefully examine the French fighter Rafale made by Dassault after a previous assessment of the Eurofighter which are made by a consortium of companies from four European countries.

Previously, the British Defence Industries Group, "BAE Systems" announced in December 2013 that the United Arab Emirates Air Force has withdrawn its bid to equip the Eurofighter combat aircraft has a European, competition Rafale made by Dassault, the French.

Then the group said in a statement that the UAE was considering buying the aircraft, but "has announced that it preferred not to proceed with the offer at this stage."

And linking specialists in defense affairs for the reluctance of the UAE fighter Alaorovenz, strictly the Gulf state audit in arms deals, in the field of aviation and others, in terms of the price and also in terms of specifications, taking advantage of the multiplicity of exhibitors factor in service-oriented to the development of defense capabilities. They resort to this end, and relying on its experts, accurate comparisons of what it displays of trades.

He said that the countries went along the lines of the UAE to check the trade-off between the weapons before making the competition is increasing in ferocity between global arms manufacturers.
